

# Nine-Patch Goes Wild!

A workshop with **Eleanor Levie**, whose latest book is ***Quilt Blocks Go Wild!***

Escape from the Quilt Police! Let loose with color!

This class is pure play. We'll put a modern spin on a classic Nine-Patch pattern, and transform it into two simultaneous one-of-a-kind blocks. I'll guide you in choosing your fabrics, skewing your cuts, and quick piecing. I'll share lots of ways to add complexity—stacking, slicing, crazy-piecing, string-quilting, adding wonky star points, secondary patterns, and more, to create fabulous patchwork.

You'll love the process, sharpen your skills, and leave with wildly exciting quilt blocks for potholders, a tote, a table runner, a wall hanging or quilt of any size. We'll talk design ideas, too, for quilting and finishing so you'll leave eager to complete your unique, original piece.

## Supply List

Materials and Tools (Pairs or even trios of participants may share tools):

- You'll start with just 2 different fabrics, each 9 or 9½" square. One of the fabrics should be wild in color or pattern; the other a strong contrast. Fast-moving students—and full-day workshop participants—will go on to use more coordinating combos of two and four 9" or 9½" squares.
- Neutral thread to work with your fabrics
- Acrylic rulers: Ideally, a 9½" or 12½" square, and a rectangle at least 12" on a side
- Cutting mat, 12" x 18" or larger
- Rotary cutter, 45mm
- Sewing machine--straight stitch is all that's needed, so featherweights are fine!
- Iron & ironing surface at least 12" on a side (can be a folded wad of fabric, or shared)

Want more info? Visit [EleanorLevie.com](http://EleanorLevie.com), and see projects from recent Nine-Patch workshops, or contact me with any questions. I'll go wildly overboard to meet your needs!
